PERSONS RECEIVING UNEMPLOYMENT BENEFIT, JUNE, 1949.

This bulletin has been prepared from preliminary tabulations, made available each month by the Commonwealth Statistician, of unemployed persons in Queensland who were in receipt of Commonwealth unemployment benefit at the end of June, 1949. The information covers only those persons actually in receipt of unemployment benefit, no account being taken of those whose applications for benefit were awaiting consideration or those who did not apply for benefit. The figures given, therefore, are only a part of total unemployment, although the proportions due to the various causes and in the various industries are broadly applicable to the total. Persons receiving sickness or special benefits are also excluded. Details for districts by causes and industries in which last employed are given in the attached tables.

Comparison with Previous Months.

June 1949 figures of persons in receipt of unemployment benefit were 587 males and 61 females, the total of 648 being 525, or 45 per cent., below the corresponding figure for the previous June.

The re-absorption by seasonal industries of temporarily displaced workers continued during June, particularly in the Mackay district, and accounted for the greater part of the month's total decrease of 163 (20 per cent.) in the number receiving benefit to the lowest level reached since these figures first became available in October, 1946.

Causes of unemployment are given on the next page for the months of June, 1948, and May and June, 1949, together with the decrease during the twelve months ended June, 1949, for each cause.

Compared with May, six of the eleven causes showed smaller numbers, the main decreases being in "Seasonal Work and Weather Conditions" (126), "Quitted because Work Too Heavy, Medically Unfit, etc." (20), "Casual Work" (15), and "Establishment Closed, Reduction of Staff" (13).

Compared with figures of a year earlier (June, 1948), all causes showed decreases, the chief of which were in "Casual Work" (99), "Discharged or Laid-off for Other Reasons" (99), "Seasonal Work and Weather Conditions" (92), "Shortage of Materials" (75), and "Establishment Closed, Reduction of Staff" (75).
